MD Business Case OSRTI Staff - ASB.docx

Just so I understand – he's located in Region 6 but on detail to us, and is it his work for OSRTI that is triggering the need for the phone? Just need to confirm who should pay and where it needs to be shipped.

Also, we need to have you fill out the mobile device form b/c the OSWER mobile device management guidance requires the justification. I'm attaching the one you did for Renee as an example.

He needs it until his detail ends. He is supporting the Gold King response.

**Subject:** smart phone

Good morning.

I'm a R6 detailee working in ASB and I've been instructed to contact Chip to obtain a smart phone temporarily. It looks like he's out on leave. Is there anyone else that can help me?  
Thanks. Nick
